This luminaires contains one light source of energy efficiency class E

The product consists of two components. Luminaire with light source and internal power supply.

The light source is only exchangeable by a professional.

The LED driver is only exchangeable by a professional.

Protection class II

Notification of Risks

LED luminaire is not dimmable

CE label

Safety Instructions

The product is only for use in interiors.

Cleaning Instructions

The product may not be disposed of in the household garbage.

Do not cover the luminaire with insulating material

Don't look directly into the LED! The LED is that bright that it might damage your eyes!

Installation only by qualified and authorised persons

SAFETY

READ THE INSTRUCTIONS BEFORE USING THIS PRODUCT.
KEEP THE SAFETY AND OPERATING INSTRUCTIONS FOR FUTURE USE.

The warranty claim and guarantee is rendered invalid in the event of damage to the product, which is caused by not following the operating instructions. We are not liable for the consequent damage. Because of specific characteristics of LED's (life, deviation in colour etc.) we formulated special terms for planing and installing our LED products. They are part of these installation manual! Should they not be available, request them please!

SAFETY INFORMATION

- The light is suitable for lighting purpose indoors.
- The LED light is provided for load-bearing and suspended ceiling with ceiling cut-out according to data sheet. Sizes see technical data.
- Do not attach any additional loads such as decorations and / or signs to the luminaire!

- Don't install under power.
- Follow the instruction manual for installation.
- Installation only by qualified and authorised persons.
- Do not use the product when it has been damaged (defective covers) or there are operational faults such as flickering, smoking, steaming, crackling noises or the smell of smoke.
- A damaged or defective product must be changed or repaired by the manufacturer, a service person or a comparable qualified person.
- Installation only under observance of the valid guidelines specific to application and country among others VDE 0.100.
- Never open one of the electrical operating agents or plug any objects into them. Such procedures signify a danger to life through electrical shock.
- Absolutely avoid contact between the product and water or other liquids. For reasons of electrical safety, the light may not be placed in contact with water or other liquids or submerged in water.
- The product may not be changed or modified.
- Don't look directly into the LED! The LED is that bright that it might damage your eyes!
- The luminaire must not be exposed to high levels of dust.

MAINTENANCE AND CLEANING

The light source is only exchangeable by a professional.

- Do not use solvents, such as benzene and similar agents. The light would be damaged thereby.
- Only use a dry, lint-free cloth for cleaning the product.

DISPOSAL

The packaging consists of environmentally friendly materials. Dispose of them in the local recycling containers.

Do not dispose of this product in the household garbage when it has reached the end of its lifecycle, but rather take it to a disposal center. Your local officials will provide you with information about collection offices and their business hours.
